## **DISAPPEAR** **Organic Graffiti/Adhesive Remover™**

DISAPPEAR Organic Graffiti/Adhesive Remover™ is high quality natural product. It is safe to use on almost any material, including carpets, seats, upholstery, wood, vinyl, glass, tile, concrete, etc.\* DISAPPEAR Organic Graffiti/Adhesive Remover™ is pleasant and safe to use as directed.

DISAPPEAR Organic Graffiti/Adhesive Remover™ is very effective and popular in graffiti removal from porous and non porous surfaces. A very long drying time is very useful in situations that require soaking (e.g. removing shadows from graffiti vandalism in masonry). Chewing gum removal is easy from all surfaces, including all of their residues (which is not the case with freon type removers that freeze the gum, but leave a residue on the surface). DISAPPEAR Organic Graffiti/Adhesive Remover™ removes all adhesives and glues except cyanoacrylates. It works very well on tape and poster glues, anti-slip strip glues in tubs, and more.

DISAPPEAR Organic Graffiti/Adhesive Remover™ has a low pleasant odor. It is non flammable and will not freeze, making it useful in the coldest climates.

### **DIRECTIONS:**

\*Always test the product on a small inconspicuous area first to make sure that it doesn't harm the surface.

**GRAFFITI REMOVAL:** Pour, spray or brush over graffiti and wait 1 - 5 minutes. Then wipe off with sponge/rag, or lightly brush. Repeat if necessary. Some older, thick spray paints and masonry may require more soaking time and more agitation with stiff-bristled brush. When finished rinse with water. It is always best to remove graffiti within 24 hours. Do not use wire brush, or stiff-bristled brush when removing graffiti from ND GRAFFITI SHIELD SYSTEM™.

**ADHESIVE REMOVAL (glues, tapes, labels, etc.):** Liberally pour over area to be cleaned and let it soak until adhesives or gum softens (5-15 minutes). Peel off tapes, labels, mastic or chewing gum with a putty knife. Reapply DISAPPEAR™ Organic

Graffiti/Adhesive Remover™ to any residue. After 1-2 minutes remove residue with stiff bristled brush. Rinse with water. Warning: This product can loosen glues of carpet backing on some types of carpets.

**CHEWING GUM REMOVAL:** Apply liberally over chewing gum and edge the gum off with a putty knife keeping both wet with product.

**DISAPPEAR Organic Graffiti/Adhesive Remover™ is VOC COMPLIANT\*:  
only 294 g/l (per California Consumer Products Regulation).  
It is safe & pleasant to use as directed!**

**CAUTION: Harmful if swallowed. Use chemical resistant gloves and safety glasses when using this product. Use with adequate ventilation.**

COMBUSTIBLE - Do not heat nor use near open flame.

FIRST AID: Inhalation: If affected, remove to fresh air. Eye Contact: Flush with tepid water for 15 minutes, lifting upper and lower lids. Ingestion: DO NOT CAUSE VOMITING. Drink two glasses of water. Consult Physician. Skin Contact: Wash with soap and water.

**PACKING** : 55 Gallon Drums, 5 Gallon Pails, Quarts
